❖ VISION

My humble beginnings from Tiruchirappalli to a worldwide renowned surgeon were inspired by my educator father and cancer survivor mother.

My vision is to create an example that small districts in India can be pioneers of health care with world-class expertise and global acknowledgement. In my endeavours to put Indian Medical Education on the global outline, I am committed to providing creditworthy education in Otorhinolaryngology and Advanced sinus and skull base surgeries in over 40 countries.

My hospital has steadily gained a reputation nationally and internationally, and, earned the trust of the innumerable ailing, who walk in with confidence and faith. The hospital is engaged in an untiring and ceaseless endeavour to serve the people of India and Abroad.

I have been associated with the health welfare activities of the Tamil Nadu State Government for the last several years. I have a keen interest in service to the community by providing both free and affordable treatment and surgical expertise.
